All the world's a stage,  
And all the men and women merely players...

—Shakespeare

The stage becomes thick with their voices, the air saturated with the memorised lines until there is not one mesmerised space, an inch not revealing some great or insignificant facet of the stage. When the stars of the current production forget their lines or find one silent gap, a thousand voices throw a thousand lines; the stage is never dead.

After twenty years of existence, this school must say good-bye to the three administrators whose fortitude and never-failing dedication have culminated in a new school which for the first time since its humble beginning will incorporate all three schools. Since 1951, the school has grown more than one hundred fold. Now Mr. Eckard, first founder, teacher, and Headmaster, Mr. de Waller, the administrator, and Miss Bradley, our Dean, Head of the English Department, and teacher who has directed each graduate towards a university in her twenty years here, are leaving. Yet the solid foundation and excellence they have created will remain with the students of The American School in London for many years to come.

## Father and Son

It's not time to make a change  
Just relax, take it easy  
You're still young  
That's your fault  
There's so much you have to go through.  
Find a girl, settle down  
If you want, you can marry;  
Look at me, I am old  
But I'm happy.  
I was once like you are now,  
and I know that it's not easy  
to be calm when you've found something  
going on;  
but take your time, think a lot,  
why, think of everything you've got,  
For you will still be here tomorrow  
But your dreams may not.

How can I try to explain  
Cause when I do he turns away again  
It's always been the same  
same old story.  
From the moment I could talk,  
I was ordered to listen,  
now there's a way and I know  
that I have to go away  
I know I have to go.  
All the times that I've cried  
keeping all the things I knew inside,  
It's hard, but it's harder to ignore it.  
If they were right I'd agree  
But it's them they know not me;  
Now there's a way and I know  
that I have to go away.  
I know I have to go.

## REHEARSAL

Great theatrical performance is the result of serious preparation, meticulous attention to detail and, of course, talent. The same may be said of success in life.

This is the philosophy of those who are at the origin of Chrysler's success in designing and manufacturing automobiles. And this is why the performance of Chrysler's quality-engineered cars is sought after—season after season.

# What a gas

You're laughing with the  
best of both worlds.

Choice of 4 star-ratings  
of full power petrol and  
change in your pocket  
on economy prices.

Best of both worlds,  
Jet's the gas gas.

# This is why London's buses run on Firestone tyres

In 1970 Firestone set up the most impressive list of racing victories ever accumulated by a tyre manufacturer in a single season.

Successes included

10 out of the 13 World Championship Grands Prix

The Indianapolis '500'

Formula I World Drivers' Championship

Formula I World Constructors' Championship

Formula II European Trophy

FIA World Sports Car Championship

European Touring Car Championship

Tasman Drivers' Championship

South African Formula I Championship

U.S. Automobile Club Championship

Trans-American Sedan Car Championship

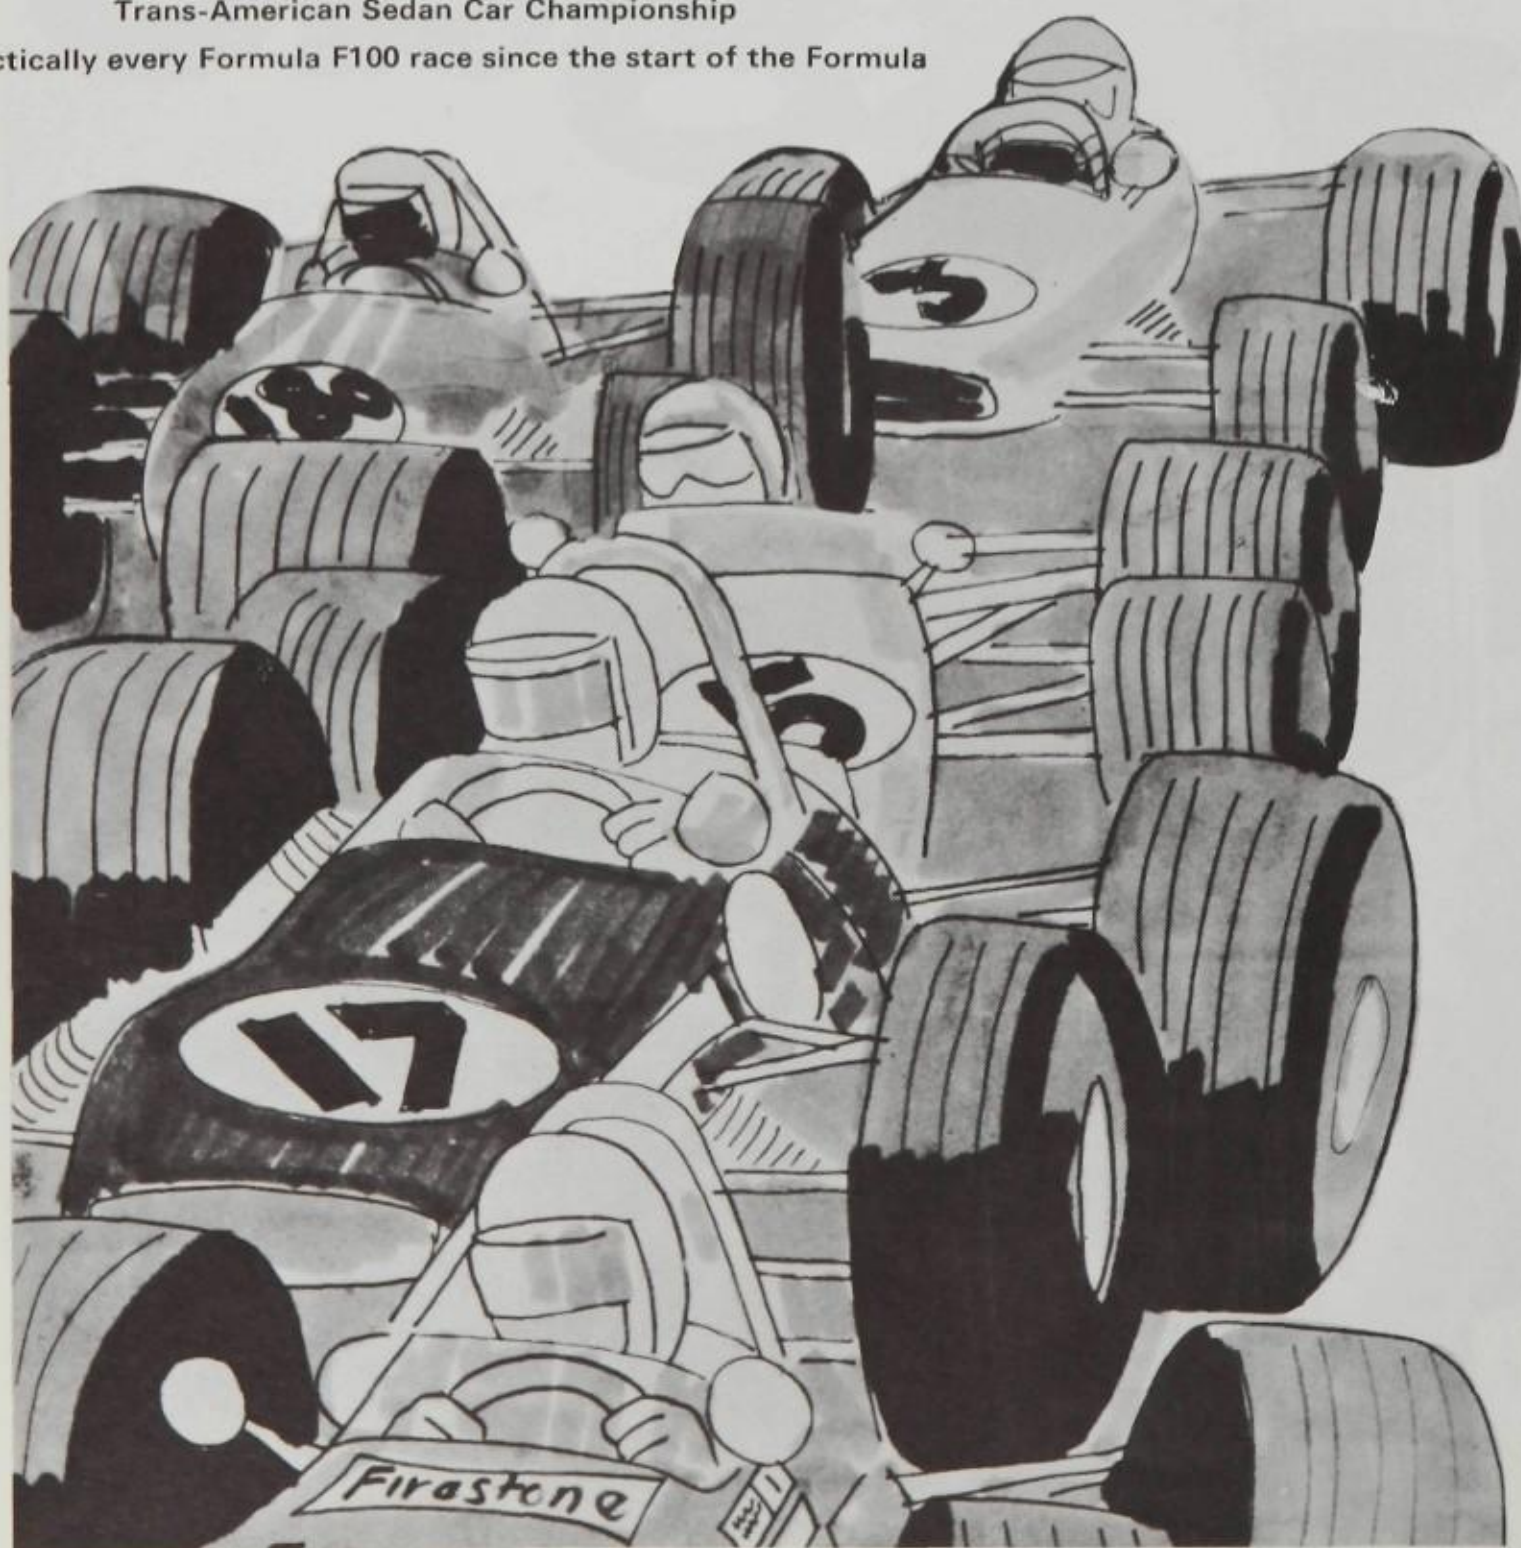

Practically every Formula F100 race since the start of the Formula

That's the kind of quality and performance which has put Firestone tyres on to 75% of London's buses.

That's the kind of quality and performance which has put Firestone tyres on to the winning tractors in both the British and Northern Ireland Ploughing Championships for the past four years.

That's the kind of quality and performance you can be sure of getting in the Firestone tyres you buy for your own car.

What Firestone engineers learn on the track they build into the tyres you use on the road.
